TO: People of Japan

SUBJECT: Disunity

To the good people of Japan. Over many years now there has been great disunity among the Seers, Promoters and Workers of Our Holy Mother's Mission in Japan – also that which relates to the Order of Saint Charbel.

The Order of Saint Charbel has had to work carefully at times because of the Persecution of the Bishops of Japan, due to the Decree made against me from my local Bishop – Most Reverend Bishop Peter Ingham.

However, this never stopped the progress of the Order or the Mission from Heaven.

It is now time for Unity with one heart and purpose – and that is to save Japan and to establish the Order of Saint Charbel in Japan.

I also state clearly – no one person has authority over other persons – as to where the Order of Saint Charbel can be formed – all are free to express their belief in doing God's work.

One Seer, or one Promoter is not greater than the other – as we are all disciples of God, Jesus the Messiah.

Therefore, I support Thomas Tada (Promoter); Immaculata (Seer); Fr. Jean-Marie Sugiura of the Order of Saint Charbel; Mrs. Stephanie Kuge; Jun Narishima; and many others who have worked very hard for the Order. I thank you all very much.

I wish God's Blessings on you all.
