TO: The Members of the Order of Saint Charbel

FROM: William Kamm

DATE: 9th July, 2002

Dear Members,

These are the instructions regarding the Great Warning that will possibly occur within the next 24 months.

These are the signs to look for before the Great Warning Comes:

1. Two very great nations will be at the brink of war:

Russia - Poland?

Russia - China?

Russia - U.S.A.?

China - Japan?

Pope John Paul II leaves Rome and no one will know his location. News of his "death". Election of a new "Pope". (However, the Pope is not dead but in hiding)

3. Collapse in stock market. Financial panic.

When you hear of the news of the Pope's death - take your money out of the bank - every day - and hide it.

4. When the White Cross appears, know you have seven days before the Warning comes. A comet/asteroid will hit the Earth.

When the White Cross appears:

- * Contact your families and advise them what will happen. Where possible, tell them to leave the cities and go and stay with yourselves, or family members outside the cities.
- * Go shopping to stock up on food and medicines. Ensure that you have water stored.
- * On the 5th day of the White Cross in the sky the Rapture will occur. The

Rapture is the Heavenly removal of millions of people by God in one moment, where they will be taken to Paradise. It is for this reason you should prepare spiritually beforehand.

- * Another sign during these days will be a huge explosion in the sun, which will be felt and seen by all.
- * After the seven days of the White Cross being in the sky a thick white fog will cover the Earth, caused by the debris tail of the comet.
- * The comet will hit the Earth in an ocean, pushing the sea over all islands and land masses.
- * There will be a massive earthquake all around the Earth; thunder and lightning everywhere.
- * Count the days very carefully, using clockwork watches and clocks at this time to gauge time. Instruments to gauge temperature. On the 7th day of the White Cross you should go into your homes, lock the doors, pull down the shades and prepare your household, families and guests. Prayer should be said all the time.
- * Prepare before the seven days of the White Cross. Have heavy curtains, or black plastic, to cover the windows so that the lightning and thunder, plus the demons who will be visible, are not sighted during the Wrath of God.
- * Count the days when the comet has hit the Earth, for there will be three days and three nights of darkness, caused by the dust and mud that will cover the Earth. On the seventh day you may venture outside. You will know this because the thunder and lightning would have stopped.
- * During the Warning remain in one or two rooms. Cover the openings - under doors and any cracks - so that the toxic gases from the comet's tail will not enter the homes.
- * During this great cataclysm of nature, one quarter of the world will perish. However, we will survive.

These are the preparations that should be made for the seven days in the home, during this Great Warning:

1. Water, food, medicines - including herbal and homoeopathic - plus prescription and over the counter remedies; silver colloid.
2. **Wood stoves:** If you have wood stoves you will need to stock your wood inside, as you will not be able to leave your homes.
3. **Toiletries:** If you have small children you will need nappies, baby bottles, milk powder. Remember, as there will be no power during this time, there will be no heating, no cooking facilities and no lighting.
4. Have toys, games, colouring books, pencils, and playing cards. Electronic games

will be useless at this time.

5. There will be no television or radio for some time.
6. Store batteries for torches (when electrical polarity is restored).
7. Remember the Blessed food list.
8. What to store for the seven days and after: (after-effects will last three months).
 - * Blessed candles, water, canned food, flour, seeds for growing later, long life milk, powdered milk, fire extinguishers, dried food, dried fruit, smoked foods, meats - sausages, salami etc. Soups in powder form, matches, lighting, wine.
 - * Remember only Blessed wax candles will bring light during these days of the seven days - other lighting will be fine afterwards.
 - * Medicines: panadol, cough medicine, bandages, creams for cuts, bruises and burns. Eye and ear drops. Medicine for diarrhoea, vomiting, constipation. Use natural medicines where possible.
 - * Stock nappies, baby powdered milk, baby bottles, teething rings etc. Remember, there will be none available during this time, or for a long time after, until the world has come out of this mess. Purchase cloth nappies for later.
 - * Always have Our Lady's Medicine available.
 - * For women: sanitary pads for the seven days. For later, use cotton sheeting or toweling.
 - * Toiletries: Soaps, toilet paper, toothpaste etc.
 - * Cooking and heating during the seven days: wood fires - and gas, kerosene and other methods will be all right, too. Keep your magazines, newspapers and such. Get large plastic bags for all purposes.
 - * Clothing: For children - shoes, warm durable clothing.
 - * You need to know how many people will be staying in your home.
 - * Also purchase tools, sickles, mallets, hammers, saws, nails, spades, axes etc. You will need them later, but not electrical tools.
 - * It is to be remembered that after the Great Warning, as the comet hits the sea, a great part of the sea will be thrown into the atmosphere where it will turn into ice. This will remain so for seven weeks, plunging our temperature below zero. It will be a maximum of 30 degrees below our normal winter depending on where you are situated.
 - * The comet will hit the Earth in the European summer time.

- * Where possible, if you are on farm-land, keep some animals in barns. Also keep seedlings.
- * After the seven weeks of cold, the ice in the atmosphere will break up and fall as rain - like acid rain. You should stay away from it.
- * Remember the water will be contaminated and there will be many insects, and many diseases will follow. There will be a shortage of food, water and housing.
- * Before the Great Warning, during the time of the White Cross, many souls will seek shelter in our community. You are not to turn anyone away, except the very anti-social people, for they would do harm, not good, to the rest of the community so security will be necessary.
- * Due to all events, all power and communication will be gone. However, God will communicate through the many Voice-boxes around the world.
- * Once you hear about the Pope - go to Confession and pray. I wish God's Blessings on all and a safe journey towards the Promised Land.
